COOKIES

Cookies are small data files that are stored on the hard disk or in the temporary memory of the user's computer when accessing the pages of certain websites. They are used so that the accessed server can know the preferences of the user when returning it to connect. Access to this website may involve the use of cookies. The cookies used can not read cookie files created by other providers. The user has the possibility to configure his browser to be warned on the screen of the reception of cookies and to prevent the installation of cookies on his hard drive. To do this, the user should consult the instructions and manuals of your browser to expand this information. No cookie allows you to extract information from the user's hard drive or access personal information. They simply associate the browser of a specific computer with an anonymous code. The only way that a user's private information is part of a cookie file is for the user to personally give that information to the server.
